John Henson-Spiers Owner of Southern Engineering Equipment Limited which are based in Poole, Dorset are pleased to announce that they were recently nominated to be full members of the EAMTA (European Association Of Machine Tool Merchants). This nomination process and final members vote took place at the Annual General Meeting which was held at the Steigenberger Hotel in Camp de Mar, Majorca. John “I would like to say that this represents another mile stone for our company, we are now part of a family and network of international machine tool dealers. We are looking forward to many years of successful global trading. S.E.E. offer a full range of New and Used machines and equipment and specialise in deburring and finishing machines/applications. www.see-machinery.co.uk
